2025

In Claws We Trust

14 in.

Turn your extra space into extra cash.

Our machines take up **less floor space than a barstool** or chair. All you need to get started is about two square feet and a power outlet nearby. We'll do the rest.

Seems like a **no-brainer** - because **it is**.

How much will it cost me to get started?

There is absolutely **no out-of-pocket cost** for you to have a machine at your facility. We handle everything – from purchasing and setup to installation and service. Our machines are highly efficient, equipped with LEDs, and operate on nominal electricity.

Is there an obligation or commitment required from me?

In most cases, we won't require you to sign a contract. We simply ask that you agree to keep the equipment plugged in and powered on during business hours. Our commitment is to provide top-notch service and satisfaction. If any issues arise, we'll collaborate with you to make it right. Should you decide to no longer have a machine at your venue, we will promptly remove the equipment within 7 business days of receiving notice.

How long will it take to get a machine?

If it's a new machine, expect a short wait for delivery. The installation itself is quick, usually taking only a few minutes to an hour. However, depending on machine availability, the overall process may take longer.

What's in it for me?

You'll have the chance to **earn passive income** while enhancing your customers' experience with a **fun and exciting addition** to their visit. We offer a commission or can discuss another arrangement that suits you. We cover sourcing, labor, product, maintenance, and credit card fees. Our standard commission rate is based on gross machine revenue!

In Claws We Trust.

In addition to the great benefits above, **we have years of experience**, enabling us to provide exceptional service that leaves you and your guests smiling. We will work with you to ensure your satisfaction so you can sit back and watch the cash roll in.
